

Notice the diagram of three rings.

Our spirits have no direct access to our physical bodies. Everything that comes out from our spirits to our bodies must go through our mental, emotional part.

Notice the pipe diagram.

Our souls act as a valve in between our spirits and our bodies. The flow of God's supernatural life from our spirits to our bodies (natural realm) depends on how open our souls are.

The diagram of three circles inside each other (appears like a target).

- A. The outer circle is your body. It's the part you can see and feel.
- B. The inner circle is your soul. It can't be seen, but can be felt. Also, it touches both your body and your spirit.
- C. The innermost circle is your spirit. Although it's the center of who you are, it can't be seen or felt. It's completely surrounded by your soul.

Your spirit is the core of your being, the real you, your life-giving part.

"For as the body without the spirit is dead, so faith without works is dead also" (James 2:26).
